

ALSO AVAILABLE FROM AMSOIL

MOTHERS
Polishes • Waxes • Cleaners

Mothers Marine PowerMetal®

An extraordinary liquid metal polish that restores and protects polishable metals.

Mothers Marine Cleaner Wax

Removes light oxidation, haze and scuffs, while providing long-lasting protection and enhanced gloss.

Mothers Marine PowerPlastic

Leaves a long-lasting barrier against UV rays, water spotting, airborne contaminants and more.

Mothers Marine Black Streak Remover

Formulated to quickly and easily remove unsightly black streaks from gelcoats, fiberglass or metal.

Mothers Marine Wash'n Wax

Specifically formulated for marine applications to quickly and easily remove dirt, salt, spray, grime and scum.

AMSOIL PRODUCTS FOR DIESEL MARINE APPLICATIONS

Engine Oil

AMSOIL Synthetic 15W-40 Heavy Duty Diesel and Marine Oil (AME)

Specifically formulated for long life, it resists oxidation and thermal breakdown, retains viscosity and eliminates sludge and varnish formation.

AMSOIL Series 3000 Synthetic 5W-30 Heavy Duty Diesel Oil (HDD)

Delivers better wear protection, effectively reducing fuel consumption for gasoline and diesel engines.

Fuel Additives

AMSOIL Cetane Boost Additive (ACB)

Improves ignition, combustion efficiency and power. Also raises cetane by three to seven numbers and reduces white smoke emissions.

AMSOIL Diesel Concentrate (ADF)

Reduces cylinder wear, retains TBN longer and minimizes soot loading. Improves fuel economy, restores horsepower and is a fuel stabilizer.

AMSOIL Diesel Cold Flow Improver (ACF)

Lowers the cold filter-plugging point by as much as 34° F and helps prevent ice formation in fuels contaminated with water.

AMSOIL PRODUCTS FOR FOUR-CYCLE GASOLINE-POWERED MARINE APPLICATIONS

Engine Oil

Formula 4-Stroke • Marine Synthetic Motor Oils (WCT, WCF)

Formulated specifically for use in four-stroke gasoline-fueled engines used in marine applications. Offer unsurpassed wear protection, viscosity stability, low volatility and excellent low-temperature fluidity.

Off-Season Protection

Gasoline Stabilizer (AST)

Keeps gasoline and diesel fuel from oxidizing and deteriorating, prolonging storage life.

AMSOIL Engine Fogging Oil (FOG)

Superior film retention provides stored equipment with long-term protection against corrosion and dry starts, extending engine life and reducing operating expenses.

AMSOIL OILS FOR TWO-CYCLE GASOLINE-POWERED MARINE APPLICATIONS

Saber Outboard Synthetic 100:1 Pre-Mix 2-Cycle Oil (ATO)

Specifically designed for lean mix ratios in pre-mix applications.

DOMINATOR Synthetic 2-Cycle Racing Oil (TDR)

Recommended for racing applications in outboard motors. Reduces friction and protects pistons and bearings subjected to the rigors of racing.

hp Injector Synthetic 2-Cycle Oil (HPI)

Precise synthetic formulation provides superior performance in direct fuel injected (DFI), electronic fuel injected (EFI) and carbureted outboard motors, as well as other recreational two-cycle equipment.

INTERCEPTOR Synthetic 2-Cycle Oil (AIT)

Excels in powersports applications and engines equipped with exhaust power valves. Controls exhaust valve sticking and provides outstanding overall lubrication properties.

TWO-CYCLE OIL RECOMMENDATION		
AMSOIL Product	Outboard	Personal Watercraft & Jet Boat*
hp Injector (HPI) TC-W3, API TC (Injection or 50:1 Pre-Mix)	Excellent	Very Good
INTERCEPTOR (AIT) API TC, JASO FC	Not Recommended	Excellent
DOMINATOR (TDR) API TC, JASO FC	Racing	Racing
Saber Outboard 100:1 (ATO) Pre-Mix, TC-W3, API TC	Excellent Pre-Mix Only	Very Good Pre-Mix Only

*Non-TCW3

AMSOIL FILTERS FOR MARINE APPLICATIONS

AMSOIL Ea By-Pass Filters (EaBP)

AMSOIL EaBP Filters have an efficiency of 98.7 percent at two microns and remove an industry-leading 39 percent of soot contaminants less than one micron. Superior construction provides better sealing and increased longevity.

AMSOIL Ea Oil Filters (EaO)

Deliver better wear protection, effectively reducing fuel consumption for gasoline and diesel engines.

Marine Dual Remote Filtration System (BMK 18)

Pairs an AMSOIL Full-Flow Ea Oil Filter with an AMSOIL Ea By-Pass Filter, providing the superior soot and small-particle capture of by-pass filtration and top-quality full-flow filtration on a single mounting manifold.

Complete Filter Coverage

AMSOIL distributes Donaldson® Endurance™ heavy-duty oil filters with nanofiber technology, offering a complete line of filters for all engine, drivetrain and other marine equipment and automotive applications.

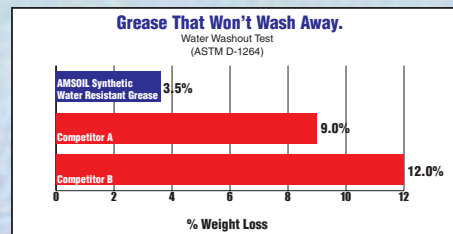

AMSOIL GREASES FOR MARINE APPLICATIONS

Synthetic Water Resistant Grease (GWR)

An extreme-pressure lithium-complex wheel bearing grease specially formulated for extreme resistance to water washout. Shields against rust and corrosion, protecting components during use and storage.

Synthetic Multi-Purpose Grease (GLC)

An extreme-pressure lithium-complex wheel bearing grease formulated for all-around use in high-speed, high-temperature applications. Provides outstanding protection against the destructive effects of water.

Synthetic Heavy Duty Grease (GHD)

An extreme-pressure lithium-complex moly-fortified grease formulated for high-load, low-speed applications.

AMSOIL GEAR LUBE AND ANTI-FREEZE FOR MARINE APPLICATIONS

AMSOIL Synthetic Marine Gear Lube (AGM)

This exclusive AMSOIL formulation of synthetic base oils and high-performance additives meets the specific needs of marine applications. It is fortified with extreme-pressure (EP) additives for superior protection of fast accelerating, high-torque/horsepower engines. Recommended for fresh- and salt-water applications.

AMSOIL Propylene Glycol Antifreeze and Engine Coolant (ANT)

Combines biodegradability, low toxicity and all-climate protection. Its revolutionary formulation provides maximum antifreeze and cooling protection in the most extreme temperatures and operating conditions.
